

Markabley Relief & Development Trust

London: Fundraising for University of Gedo, Somalia.

On 8th of July, 2007, between 14:00 to 21:00, Markabley Relief & Development Trust (MRDT), and Somali Capacity Building Initiatives (SCBI), with the help of SDF and SOAS Somali Society will unlock to advance the cause of augmenting higher education, above-all, establishing and implementing University of Gedo, Somalia. Through the educational programs carried out in Somalia by HIRDA, IQRA, MRDT and other associations, we have seen many lives changed for the better and subsequently, MRDT, SOAS Somali Society and SCBI are now more enthused and have the will to enhance fundraising for the creation of University of Gedo.

Through the achievements from HIRDA, IQRA, MRDT and others, we are now better off and aiming different priorities, such as the aspirations of higher education systems, hence, each and every person affected by this setback of lack of proper education for such a long time has reasons to hope, because with our help, huge advances could be made to reverse issue for the greater good. As a result, MRDT & SCBI, along with HIRDA, IQRA, SDF and others persist to work-for, help, and make differences in the lives of their brethren Somalis.

Today, through your big-heartedness you can make an immediate difference in the life of a person(s), man or woman, and for the reason that hope; we can count on you to take a lion share and attend the conference at July 8th 2007 at Brunei Lecture Theatre, SOAS University.
